Purpose/Goals: Granite's Early Education Program's primary goal and purpose is to provide an active learning environment in which teachers and students experience an enthusiasm for learning and accomplish successes. We promise to provide the children with ample opportunities to grow socially, physically, emotionally, intellectually, and creatively in our child centered environment.

Curriculum: Granite's Early Education Program offers an academic and intellectual based, hands-on curriculum that incorporates language arts, math, science, creative art, and early reading skills throughout weekly lesson plans. Children will enjoy circle time (which includes the Pledge of Allegiance), small group projects, physical activity, music and free choice time throughout their daily routine.

Snack: We will have a snack time each day. Please make sure your child has eaten a good lunch so they won't be immediately hungry as snacks are planned for about 2pm each day.

Ratios: The student to teacher ratio will maintain approximately a 1:8 in the Bright Beginners Classes, and approximately 1:10 in the Little Learners Program.

Facilities: The Early Education Program will be taking place mostly in the Granite Kids' Zone. We will use the basketball gym that is directly connected to the Kids Zone for active play time and for Gym Monkey Classes. On the designated swim days, kids will enter through the Ladies Locker Room and go to the back area where there is a large changing area. There will be an instructor on hand to help them change if needed.

Staff: All staff, including the Director, Teachers, Teacher's Aides, and Activity Instructors will be trained in First Aid and CPR. All staff in the facility are trained in CPR as well.

Families: Families play an important role at our school. Families are welcome to participate as a volunteer, suggest ideas, and contribute talents to our program. We invite you to communicate with the staff on a daily basis regarding your child's education and general well-being. If there is ever a grievance matter involving any of our families, staff, or programs, those involved are encouraged to speak to the Program Director Jenn Thompson *immediately*.

School Calendar: The Early Education Program will begin Tuesday September 5th, 2023 and will end May (day TBD) 2024. Our schedule will operate using the calendar of School District 2 as a guideline for holidays and vacations.
